

Laugment™ is the world's first fully explorable, general purpose law practice problem solving network, intellectual capital system, and Internet command center.

Laugment helps you spot and explore issues and angles, plan, delegate, research, advise, negotiate, argue, draft, and much more.

Whether you're starting your subscription, need a refresher, or want to learn more about a feature you haven't yet used, our [Tutorial & Guide](#) briefs you on what you need to know and do to get maximum value from your subscription.

This week, Laugment knows **255,330** terms connected by **1,061,239** "smart" relationships.

And there's more: Annotations. Term and resource cascades. Semantically enhanced, right brain friendly reports. Tens of thousands of links to and metadata about web resources. Smart links between terms and resources. Reversible views of terms' resources and resources' terms. Even smart links between resources. A personal BrainBank. A Web Search Assistant that can generate more than **25 million** one-click targeted web probes.

Laugment is an intellectual network – a true web of knowledge, not a simple search engine or directory.

No ads, no walls, no surprise fees. Just bigger and better connected each week.

And when you suggest terms and resources
